Understand soil and
crops through game

OVERVIEW

This is a strategy based educational board game where players learn how different soils react to climate conditions through gameplay. Each player controls a soil type and must safely guide their crop tokens to the final destination called “Storage” while surviving climate effects and avoiding opponents.

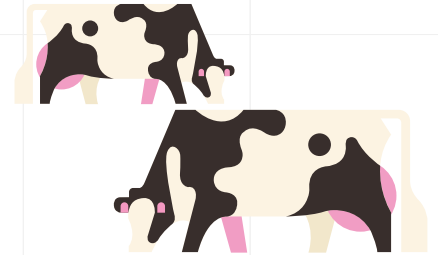

Game Information

- 👤 Players : 2 -4
- 👤 Age : 8+
- 🕒 Play time : 20 -30 min

Game Setup

1. Each player chooses one soil type.
2. Place all 4 tokens in the starting area.
3. Shuffle the cards
4. Distribute 5 cards to each player.
5. Keep remaning cards as the draw pile.
6. Decide who starts first

Movement Rules

1. Crop tokens on the starting positions are safe on thier own starting points only.
2. Players play one card per turn.
3. A token cannot cross another token sitting on its starting point of its own home.
4. If a token is killed, it returns to the farm and must be unlocked again
- 5 Tokens move according to the played card and climate effects.

Game objective

Be the first player to move all your crop tokens from the starting area to the storage. The last remaining player loses.

Card Rules

Unlock Token

Unlock token OR
move 11 OR move 1

Move 13 spaces

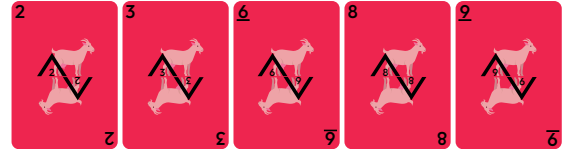

Swap position with
another token

Move 10 OR discard
next player's card

Move forward same
number

Split movement
between 2 tokens

Move any token 5
spaces

Move backward 4
spaces

Climate Tiles Rule

The board contains climate tiles

Heat
Rain
Erosion
Low Rain

When a token lands on a climate tile :

The soil reacts according to the point table.
Positive points = move forward.
Negative points = move backward.

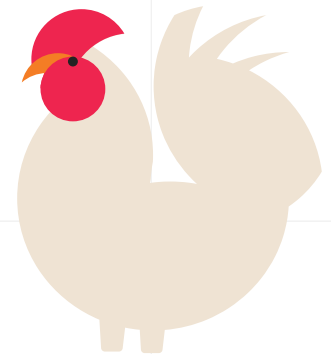

Kill Rule

1. If your token lands on an opponent's token, the opponent's crop is killed and sent back to the starting area
2. If a token lands on a kill tile.

Special Tiles

1. Skip Tile : If anyone lands on the skip tile, their next turn will be skipped
2. Kill tile : Take your token to the farm and have to unlock it again

KIYARI | Voice Assistant Quick Start Interaction

Interaction :

Wake word : Say “Hey Kiyari” to begin.

Voice Commands : Ask for rules, trivia, or game actions.

Magnetic Triggers : Move pieces over the module to trigger specific audio.

Audio Cues : Listen for sound effects that confirm the device heard you.

Key Features :

100% Offline : Works anywhere with zero internet or Wi-Fi required.

Total Privacy : Your voice is processed locally and never recorded or sent to the cloud.

Slim Design : The 6.2 mm module fits easily under game board.

Smart Power : Features a rechargeable battery and auto - sleep to save energy

Troubleshooting :

No Response : Ensure the battery is charged via the internal charging circuit

Voice Isolation : The module uses advanced technology to hear you even in noisy rooms.

Recovery : If a command is missed, KIYARI will provide prompt to help you stay in the game.

1. Type C port
2. Indicator light
3. Power button
4. Speaker grill
